LOCALLY KNOWN AS SUB VALLEYS, OFFICIALLY CONSIDERED ZONE.

Wines of Chile

We wish you a very warm welcome to Wines of Chile 2023 tasting.

This year is the 200th anniversary of the appointment of Great Britain's first Consul General to Chile in 1823, the importance of the UK and Chile's extensive people-to-people links forged over the last two centuries, and the UK and Chile's shared commitment to ensure they continue to thrive.

At today's tasting you will be able to discover an impressive array of wines that demonstrates Chile's ability to produce great wines from many different grape varieties, traditional or innovative styles, from the vast mosaic of wine regions, at all price points.

Chile is the third largest exporter of wine into the UK, and we are considered a mature market by Chile, importantly as an influential barometer for new product launches, styles, and innovations, what happens in the UK is ultimately mirrored in other international markets.

Sustainability is at the core of Chilean winemaking and has the most trusted sustainable approach to growing grapes. This ensures that certification offers a benefit to our wineries particularly at a time when wine drinkers are placing importance on the manner of wine production.

Within this catalogue we have used the following retail price categories:

£ = < £5.99 ££ = £6 - £9.99 £££ = £10 - £18.99 ££££ = £19 - £29.99 £££££ - £30+

Please use the QR codes on each winery page for further details on the participating wineries and their wines.

For those looking for a little more there will be a Pisco bar where you can sample from a range of different brands or experience a refreshing Pisco Sour.

It is great to see everyone today and we hope that you enjoy the tasting.

Salud!

Anita Jackson
Wines of Chile UK Director

Let's celebrate September with Chilean Pisco

Pisco is a spirit produced in winemaking regions of Chile, made by distilling fermented grape juice into a high-proof spirit.

Pisco runs through the veins of Chile, proud guardian of a history of more than five hundred years of effort and perseverance.

Born at the foot of the desert, warmed by the impassive sun and raised under the reflection of the purest skies in the world, the pisco is an ambassador of the character of the inhabitants of the Atacama and Coquimbo regions, of their patience and taste for perfection.

As a result of the roots of Chile, pisco is a proposal of new sensations. Distillate of genuine drinking wine of premium category, from 13 varieties of aromatic grapes. Grown and processed only in these two regions, according to its Designation of Origin.

Due to Chilean Pisco regulations, distillers are allowed more influence over their final product; they may run the spirit through multiple distillations or barrel age. Varieties range from mildly to highly aromatic, from abundant wood aromas to none, giving sophisticated consumers something to suit all tastes. It can be enjoyed neat, on the rocks, or combined with a broad range of soft drinks, fruits, and other liquors.

Pisco is produced in the northern region of Chile, an area of great contrast between mountainous deserts and fertile valleys. The site is described as having a sub desert climate but is unique due to the strong Pacific influence. This fine spirit is the outcome of the hard work of over 2,800 Pisco grape farmers.

Sophisticated and aromatic eau de vie, with silky tannins and delicate sweetness that lingers on the palate, expressive

and elegant. Pisco continues to gather recognition and medals in the main international spirit competitions, being recognized as the world's best and finest fruit spirit.

In this occasion, we will be offering 4 cocktails, each one with a different pisco variety depending on the colour, and the grapes used for its production:

Grapes: Muscat, Pedro Jimenez.

Colour Transparent: aged for a minimum of 6 months in steel barrels.

Colour Amber: aged for a minimum of 6 months in "active timber", usually French or American Oak.

Products being offered today:

- Transparent Muscat: Espíritu de Los Andes, El Gobernador, Aba
- Amber Muscat: Malpaso, Alamo, Bauza
- Transparent Blend Pedro Jimenez Muscat: Norterra, Tololo
- Amber Blend Pero Jimenez Muscat: Cogoti, Norterra, Doña Josefa
